Level 2 Mildly Thick Fluids

Speech and Language Therapy

2 MILDLY THICK

All drinks need to be thickened to a **Level 2 Mildly Thick** consistency.

This is colour coded **Pink** on the tin of the thickener.

Following assessment of your swallow, you have been advised to have Level 2 Mildly Thick Fluids.

When thickened, Level 2 drinks:

- Are a similar thickness to cough mixture.
- Leave a thin coat on the back of a spoon.

Instructions for mixing up a Level 2 Mildly Thick Fluid:

In hospital you will have been using Nutricia Nutilis Clear thickening powder. The instructions on how to mix Level 2 drinks are on the side of the tin. Should you have any doubt, please refer to the label on the tin.

If advised or preferred, you can use a shaker to mix drinks.

1

Measure out 200mls of drink and pour into a cup / glass.

2

Add two scoops of Nutilis Clear Powder.

3

200mls

**Mix with a fork for 30 seconds.
Allow to stand for one minute before
drinking.**

Advice to promote swallow safety:

- Ensure you are upright and alert for all meals and drinks.
- Stay upright for at least 30 minutes after every meal or drink.
- Try not to talk whilst eating and drinking.
- Take small mouthfuls of food or drink.
- Avoid distractions during mealtimes.

Feedback

Your feedback is important to us and helps us influence care in the future. Following your discharge from hospital or attendance at your outpatient appointment you will receive a text asking if you would recommend our service to others. Please take the time to text back, you will not be charged for the text and can opt out at any point. Your co-operation is greatly appreciated.
