Tumour Service Centre of Excellence**

Trustwide

Royal Liverpool Hospital and Broadgreen Hospital

PIF 1586/V1

You have been referred to the Mersey and Cheshire regional centre for the management of neuroendocrine tumours. This is because you have or are suspected to have a neuroendocrine tumour.

The name of your primary consultant is:

.....

The Multidisciplinary Team (MDT) is a team of health care professionals who have specialist knowledge and experience managing patients with neuroendocrine tumours. The team includes Liver Surgeons, Gastroenterologists, Endocrinologists, Endocrine Surgeons, Pancreatic Surgeons, Nuclear Medicine Consultants, Radiologists and Specialist Nurses.

The service runs across two hospitals, the Royal Liverpool University Hospital and the University Hospital Aintree you may have to attend one or both hospitals at various points.

It is quite likely that you have had numerous investigations so far, but there may be a few more specific investigations needed. These will be coordinated by your specialist nurse.

During this time of investigation you may have questions or concerns; if so you can contact your Specialist Nurse Gail McKane, her contact number is 0151 706 3482 or 0151 706 2000 and ask for bleep 4677.

Your case and any results will be discussed at the regular MDT meetings and a management plan that best suits your individual needs will be agreed.

You will then be informed of the outcome of the meeting and will be given an opportunity to discuss these treatment options with either your specialist nurse or your Consultant in clinic.

When appropriate and if you wish the specialist nurse will discuss information with you via the telephone.

You will need to come to the Specialist Neuroendocrine Tumour (NET) Clinic to see a member of the team as it is important to your management to review you clinically. You may want to write any questions down before you attend clinic and we will try to answer them.
